

Safeguarding Newsletter

Dear Parents and Carers,

I am delighted to welcome you to our first Parent Safeguarding Newsletter of the year at Jubilee L.E.A.D Academy.

As part of our school community, I would like to emphasise that safeguarding and promoting the welfare of our children is not only a top priority but also a shared responsibility among all of us. Everyone who interacts with the children and families at our school plays a crucial role in ensuring their safety and wellbeing. Every decision we make focuses on our children's happiness, safety, wellbeing, and success.

For those of you who are new to Jubilee L.E.A.D Academy, my name is Mrs Anscombe, and I am the Assistant Head of School, SENDCo, and Designated Safeguarding Lead. I am proud to work alongside a team of dedicated staff who possess a wealth of experience in ensuring that all our children remain safe, happy, and able to thrive in their educational journey. For your reference, I have included the names of our other Designated Safeguarding Leads in the school. In addition to our internal team, we collaborate with external agencies to support families and children who may be experiencing challenges with mental health or parenting. We believe that fostering these connections is essential in providing comprehensive support to our community.

At Jubilee, we ensure that our curriculum includes age-appropriate opportunities for our children to learn about their health and safety. This empowers them to make informed choices and keeps them protected both inside and outside of school.

We kindly urge all parents and carers to engage with us regarding any concerns or observations you may have. Your insights are invaluable to our collective efforts in creating a safe environment for our children.

Thank you for your continued support in safeguarding our children. Together, we can help our young people flourish.

Warm regards,

Mrs Anscombe

**Keeping
children safe
is everyone's
responsibility**

What is a Designated Safeguard Lead?

Each school must have an appropriate senior member of staff to take lead responsibility for child protection. Key aspects of the 'Designated Safeguarding Lead' role include:

- Making sure all staff are aware how to raise safeguarding concerns.
- Ensuring all staff understand the symptoms of child abuse and neglect
- Referring any concerns to social care.
- Monitoring children who are the subject of child protection plans.
- Maintaining accurate and secure child protection records.
- Raising awareness of the school's safeguarding policies and procedures, and ensuring they are implemented and reviewed regularly

If you suspect a child is being abused or is in danger of being abused please contact a Designated Safeguarding Lead, or any member of staff. You can also contact the Nottingham Multi Agency Safeguarding Hub (MASH) on 01158764800 or submit a referral online :

How to protect your children's back-to-school photos

Simple steps you can take to keep those special moments safe.

Lots of families take back-to-school photos or videos at this time of year. It's a fun way to remember your child's first day back or their first day at a new school.

If you do post photos or videos featuring your children, on a social media platform it's smart to be careful. A few easy steps can help keep your children's images safe.

5 ways to keep your children's images safe

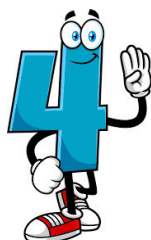

Check and use your social media settings

Don't post images that identify the school

Be aware of how artificial intelligence (AI) can be used to misuse images

Make sure your children are happy with what you are doing

Check with parents or carers before photographing other children
