Part A: Pupil premium strategy plan

Statement of intent

At Jubilee L.E.A.D. Academy, we have high aspirations and ambitions for all our children including those with Pupil premium. We play a vital role in empowering learners to create leaders.

We strongly believe that reaching pupil premium learner's potential is not about where they come from, but instead, about developing the necessary skills and values required to succeed.

Our pupils in receipt of the Pupil Premium Funding face specific barriers to reaching their full potential, and, at Jubilee L.E.A.D. Academy we are determined to provide the support and guidance they need to help them overcome these barriers.

In addition to this, we aim to provide them with access to a variety of exciting opportunities within a curriculum that will promote and develop their culture capital.

To address the barriers that our pupil premium children face and ensure the gap between them and their non-pupil premium peers is reduced we will prioritise the following areas:

- Improving their good learning behaviours
- Support pupils and their families with social & emotional difficulties
- Support our disadvantaged pupils financially to engage in school trips and enrichment opportunities
- Increase the progress rates made by pupil premium/disadvantaged children, in particular our SEND Pupil Premium Cohort.
- Improve rates of attendance of our pupil premium/disadvantaged children.
- Increase the support for pupils who have limited experiences beyond their home life and immediate community.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Disadvantaged pupils are more likely to present with weaknesses in learning behaviours, e.g. lack of independence or resilience
2	Our pupils and their families have social & emotional difficulties, including medical and mental health issues, especially following COVID 19 pandemic

3	Due to financial constraints, that have been exacerbated by the current financial crisis our disadvantaged pupils are unable to engage in school trips and enrichment opportunities that allow them to participate fully in the academic work that proceeds these
4	Low attainment and slow progress rates made by pupil premium/disadvantaged children, in particular our SEND PP Cohort. The children have gaps and misconceptions resulting in them finding it difficult to retain/recall prior knowledge
5	Lack of attendance due to COVID 19 compounded by low attendance and persistent absenteeism of PP/disadvantaged children.
6	Pupils have limited out of school experiences beyond their home life and immediate community. They also have limited access to books, libraries and technology (such a iPad, Wi-Fi etc.)

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils regain those key skills (independence, resilience and good behaviours for learning) that will allow them to rapidly recover academically from the lost learning during the COVID pandemic and enforced closure.	<p>All pupil premium children, whatever their prior attainment, make at least expected progress</p> <p>Improvements in the learning behaviours demonstrated by targeted pupil premium children are evident through DCPro behaviour reports</p> <p>Pupil premium pupils make at least expected progress against prior attainment</p> <p>Standards in books show all pupils, regardless of their starting point make at least good progress</p>
Pupils and families with identified social, emotional or health needs are well supported by school staff so that the needs are removed or alleviated.	<p>Wellbeing award is achieved in school evidencing impact for all stakeholders by Summer 2022</p> <p>Senior Mental Health Lead Training Programme is complete in the academic year 2021-2022 which enables the identification and support of these families and alleviates specific barriers to learning</p> <p>Improvements in overcoming barriers for specific children including a reduction in low level disruption, increased participation in class, increased social integration, as measured through DCPro behaviour reports and observations</p>

	<p>All stakeholders are actively engaged with Nottingham Citizens</p> <p>Pupils' cultural capital is raised through the enrichment programme</p>
<p>All pupils take part and participate in school trips and other activities that extend their academic experience including after school clubs and other extra-curricular activities. This ensures that our pupils have a breadth of experiences that enable them to contextualize their learning.</p>	<p>All children in school have access to the enrichment programme on offer</p> <p>Teachers and support staff will plan a wide range of visits/events/experiences to inspire/enhance the progress of their learning, as measured through DCPPro reports and pupil voice</p> <p>Children will be exposed to a wide range of social, cultural, enrichment and sporting experiences within (and outside) the school day</p>
<p>Disadvantaged pupils maintain at least the standard of attainment they achieved at the end of the previous year (Reading, Writing and Maths) and previous key-stage; those who have 'fallen behind' make accelerated progress and 'catchup' or exceed prior attainment standards.</p>	<p>Pupil premium pupils make at least expected progress against prior attainment</p> <p>The Curriculum is judged to be Good in all subjects with some Outstanding features in core subjects</p> <p>The quality of teaching and learning is judged to be 100% Good with 30% Outstanding</p> <p>Standards in books show all pupils, regardless of their starting point make at least good progress</p> <p>All staff consistently and effectively identify misconceptions and provide effective interventions to address these with immediacy as evidenced in work watch monitoring</p>
<p>All disadvantaged pupils will meet national expectations for attendance/persistent absence.</p>	<p>A reduction in the number of persistent absentees among pupils eligible for pupil premium to 10% or below</p> <p>Overall Pupil Premium attendance continues to improve in line with other pupils</p>
<p>Pupils have a breadth of experiences that enable them to contextualise their learning, through an engaging, broad and varied curriculum.</p> <p>School to provide children with access to technology which they cannot access at home.</p>	<p>Teachers and support staff will plan a wide range of visits/events/experiences to inspire/enhance the progress of their learning, as measured through DCPPro reports and pupil voice</p> <p>The quality of teaching and learning is judged to be 100% Good with 30% Outstanding</p> <p>Children will be exposed to a wide range of social, cultural, enrichment and sporting experiences within (and outside) the school day</p>

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Measures	Activities / Initiatives	Evaluation								
Pupils regain those key skills (independence, resilience and good behaviours for learning) that will allow them to rapidly recover academically from the lost learning during the COVID pandemic and enforced closures.	<p>Introduced the additional ‘Curriculum Reading resources’ to be used in Talk Detectives to</p> <p>Re-introduced Curriculum visits so that learning is enhanced through hands on experiences</p> <p>Embed the PHSE across the curriculum across the school</p> <p>Develop the RSE curriculum across the school</p>	Behaviour in school is now judged to be good because both conduct and learning behaviours are consistently good. OFSTED and QA evidence. Pupils and staff understand and use the school’s behaviour system effectively. The number of pupils able to access the half termly treats have increased each term. Big termly rewards are well received by whole school community. Pupils embrace the rewards they are offered and are keen to celebrate their achievements in assemblies and with visitors to the school. This results in the good progress they make in learning.’								
Pupils and families with identified social, emotional or health needs are well supported by school staff so that the needs are removed or alleviated.	<p>Embed the PHSE across the curriculum across the school and develop the RSE curriculum across the school</p> <p>Develop group work for identified MHST pupils and families and deliver specific programmes of work</p> <p>Review and refine the role of the member of the SLT to be the mental health lead</p>	<p>Our PSHE lead has implemented an adapted curriculum that is designed for our school community. This has been broken into 3 key strands of ‘<i>Living in the wider world</i>’, ‘<i>Health and Wellbeing</i>’ and ‘<i>Relationships</i>’ all of which encompass a deeper knowledge and understanding of social, emotional and health needs as well as how to identify these and support others with this. While parent’s courses have been delivered by our Mental Health support Teams the uptake from the community has been poor. MHST have delivered 3 assemblies and 2 focussed work groups over the academic year, which 100% of pupil engagement was noted.</p> <p>Senior mental health lead has been identified and fully trained. An audit of provision has been developed alongside members of staff. Gaps have been identified in staff development and also in outreach work for our parents</p> <p>QA evidence and parent and pupil questionnaires indicates that our stakeholders are happy with provisions available to our pupils. Our pupils talk positively about being part of Jubilee and enjoy coming to school. They value the support and curriculum that they receive.</p>								
All pupils take part and participate in school trips and other activities that extend their academic experience including after school clubs and other extra-curricular activities.
